THE MOST IMPORTANT THING IS POETRY

„*This frame of a wall is precious, can be called the golden setting for the green jewel behind it. Each breach cut into it is an annoyance to the enjoyment as envisaged by Emperor Joseph II who dedicated the park to all people, holding them in high esteem.*“ (inaugurating speech by Raja Schwahn-Reichmann in 2008).

Therefore we demand: No destruction of the baroque enclosure! No concert hall within the park! No cutting of trees! Extensive opening of the whole park to the public!
